

ACCORDION SLIDING FIRE DOORS

Techno Doors provides a wide range of **Accordion Sliding Fire Doors** that allow for optimal containment of Hazard and Fire in Open Spaces.

Such accordion sliding doors can be **integrated** within existing walls in full coordination with the interior designs of any building.

Sliding Fire Doors can be customized to the customer needs in terms of Design & Build.

Our doors are manufactured according to American Standards (**ANSI**) or European Standards (**BS/EN**).
